website

Autism Support Group of Grant County is a non-profit organization with a mission to provide compassionate support, activities, and resources to families affected by autism. We are offering you an opportunity to help sponsor our local organization so that we can meet the goals of our mission for these deserving families.

According to the CDC, 1 in every 36 children is affected by autism. Autism families often feel a sense of isolation due to their child's special needs. Typical family outings and activities can be very challenging. Your sponsorship will provide us the ability to continue offering the following:

Family Friendly Events - We create the opportunity for sensory-friendly movies at the theater, a gymnastics day at AIM, a pizza party at Chicos, park play dates, and more.

Parent Support Group and Resource Sharing - We have monthly support groups in Moses Lake and Ephrata where our motto is "You are never alone in this journey. We hear you and we are here for you."

Annual Autism Awareness Walk and Fun Day - This is our signature event. Held every September, we fill the Courthouse lawn with children's fun and games, Posse horse rides, food, vendors, and bounce houses. We walk up Beasley Hill to our large metal ribbon-shaped structure that overlooks Ephrata. Major sponsors of our organization are honored at this site with an engraved personal or business name added to the structure. The site is visited by many community people annually.

Available Resources - Autism families need lots of information and we do our best to provide it in person, on our website (www.grantcountyautism.org) with a chat live option to talk to a fellow parent at anytime, and an email address are all provided.

Scholarship - We sponsor an annual \$1,000 scholarship for a Grant County High School Senior who is diagnosed with autism and wishes to enroll in educational or technical training at a university, college, technical school, certificate or training program that will advance plans for the future.

We want to do more!! - And we can with your help! Our ability to continue supporting and providing activities for these families and to do more this coming year (we have lots of good ideas) is dependent upon your sponsorship. It's a great way to contribute to our communities!

How can you help? - Please review the attached sheet and select the sponsorship option that reflects your level of support. You will also see how we will very appreciatively thank you. If you have questions or would like conversation, please email grantcountyautism@gmail.com.
